Preventative Maintenance Expectations

All services are to be performed at one of our nationwide vendors to ensure proper pricing and quality of work. In the event that services are performed outside of our vendor network the following amounts will be reimbursed to the customer and anything in excess is the customers responsibility.

Oil Change and Fuel Filters

- Oil change 10,000-mile max interval
- Fuel filters every other oil change
 - Any service that exceeds the service interval will be subject to a penalty that will be broken down as follows:
 - \$.25 for every mile past the service interval.
 - Ex. If you go 1,000 miles past the service interval you pay $1000 \times \$0.25 = \250

Oil change and fuel filters are not to exceed the following amounts:

- Ram 2500 & 3500 diesel
 - \$105 conventional oil change
 - \$300 fuel filters
- Ford F250 & F350
 - \$105 conventional oil change
 - \$200 fuel filters

Any amount exceeding these approved prices will be charged back to the customer

Tires and Brake Pads

- Tires are replaced for normal wear and tear as early as 35,000 miles. Anything prior will be considered excessive wear and charges will apply.
- Tires are to be rotated at every service.
- Brake pads, calipers, and rotors are to be inspected at every service to ensure no services are required.
 - Brake pads, calipers, and rotors will be replaced/repared when needed. The customer's responsibility will be determined at the discretion of the shop if excessive wear is the determined by the vendor. This will be reviewed on a case-by-case basis.

Tire pricing not to exceed the following amounts:

- Ford F250 18" & F350 17" tires
 - \$200 per HT tire
- Ram 2500 18" & 3500 17" tires
 - \$200 per HT tire

Any amount exceeding these approved prices will be charged back to the customer
